

The periodic report was submitted on the 29<sup>th</sup> of April 2022 for the reporting period from Dec 2020 – Feb 2022. We reported individual financial statements for each of CEMBO partners (CU, AMC, CHAR – 2 for MoKi as well) and technical reports. Technical report A has been generated and amended directly in SYGma system; technical report B has been written accordingly to EC template. Our first acquaintance with reporting on CEMBO resumed all the aspects of the project: objectives, impact, exploitative results & dissemination, and the deviations. The preparation of this report has helped us to clearly recognize our gaps and efforts for improvement, but it has also triggered ideas for CEMBO plans.
